

CUET Exam Overview

CUET

Introduction to CUET Exam

The Common University Entrance Test (CUET) is a national-level entrance examination for undergraduate admissions to central universities in India. The exam is conducted by the National Testing Agency (NTA) and is a mandatory requirement for admission to most central universities. The CUET exam is designed to assess the candidate's knowledge, skills, and aptitude in various subjects, including domain-specific subjects, languages, and general skills.

Exam Structure

The CUET exam consists of four sections: Section IA, Section IB, Section II, and Section III. Section IA and Section IB are language-based sections, while Section II is a domain-specific subject section, and Section III is a general test section.

- Section IA: This section consists of 13 languages, and candidates can choose any one language from the options.
- Section IB: This section consists of 19 languages, and candidates can choose any one language from the options.
- Section II: This section consists of 27 domain-specific subjects, and candidates can choose up to six subjects from the options.
- Section III: This section is a general test, which assesses the candidate's general knowledge, reasoning, and aptitude.

Domain-Specific Subjects

The domain-specific subjects section consists of 27 subjects, which are divided into two categories: sciences and humanities. The science subjects include physics, chemistry, biology, mathematics, and computer science, among others. The humanities subjects include history, geography, economics, political science, and sociology, among others. Candidates can choose up to six subjects from the options, and the exam pattern and duration vary depending on the subject.

- The exam pattern for each subject includes multiple-choice questions, and the duration is 45 minutes for each subject.
- The questions are designed to assess the candidate's knowledge, understanding, and application of concepts in the subject.

Language Sections

The language sections, Section IA and Section IB, assess the candidate's proficiency in the chosen language. The exam pattern for the language sections includes reading comprehension, vocabulary, and grammar. The duration of each language section is 45 minutes, and the questions are designed to assess the candidate's language skills, including reading, writing, and comprehension.

General Test

The general test section, Section III, assesses the candidate's general knowledge, reasoning, and aptitude. The exam pattern includes multiple-choice questions on general knowledge, current events, and reasoning.

skills. The duration of the general test is 60 minutes, and the questions are designed to assess the candidate's ability to think critically and logically.

In conclusion, the CUET exam is a comprehensive entrance examination that assesses the candidate's knowledge, skills, and aptitude in various subjects, including domain-specific subjects, languages, and general skills. The exam structure and pattern vary depending on the subject and section, and candidates must prepare thoroughly to score well in the exam. By understanding the exam structure and pattern, candidates can develop an effective preparation strategy and achieve their goals of getting admitted to their preferred university.
