

Indian Independence Movement

AI Tutor - History - Lesson 3

Background

India was under British colonial rule for nearly 200 years. Growing economic hardship and demand for self-governance fueled a broad independence movement through the early 20th century.

Key Figures and Methods

- **Mahatma Gandhi** - led nonviolent resistance (Satyagraha), including the Salt March and Quit India Movement.
- **Jawaharlal Nehru** - a key leader of the Indian National Congress, later India's first Prime Minister.
- **Bhagat Singh** - represented the more revolutionary strand of the movement.

Independence

India gained independence on August 15, 1947, though the transition also led to the partition of British India into India and Pakistan, accompanied by significant upheaval and displacement.
