

World Wars

AI Tutor - History - Lesson 2

World War I (1914-1918)

Triggered by the assassination of Archduke Franz Ferdinand, WWI drew in major world powers through a web of alliances. It introduced trench warfare and new weapons like machine guns and poison gas, resulting in unprecedented casualties.

World War II (1939-1945)

The deadliest conflict in human history, triggered by Germany's invasion of Poland. It involved most of the world's nations and ended with the defeat of Nazi Germany and Imperial Japan.

Lasting Impact

- Formation of the United Nations to promote international cooperation.
- Major shifts in global political power and borders.
- Advances in technology, medicine, and industry driven by wartime needs.
